We will marry you anywhere!

3. Make Your Booking

We make it really easy to book your elopement online.

Head to our [Bookings Page](#) where you can select exactly how you want to get hitched.

4. Visit Our 'Portal O Love'

Once booked, you will be able to complete the legal document, 'The 'Notice of Intended Marriage' and all identification requirements.

You will also get the chance to choose from our fun, love-filled but fast, 2, 5 or 7 minute ceremonies!

5. Invite Your Guests

Our standard package allows you to invite 10 of your besties! Alternatively, you can upgrade for up to 30 guests.

And if you're thinking of the 'full, secret-runaway and get married' kinda event, we can even provide legal witnesses.

6. Break The News

Explain your plans to family and friends who are not able to be there, or those who are not invited.

Some couples choose to do this before the wedding day and others enjoy surprising everyone afterwards!

Either way, it's your day / life / marriage, so we hope you get to feel good about this x

7. Organise

The beauty of an elopement is that you don't need to stick to any rules!

Clothing: break all the rules, or not!

Flowers: but only if you love them

Rings: are not legally required...

And what are your plans for after the ceremony?

8. Final Touches

Tiny weddings are full of love, but small on fuss. However, you can still bring personalised vows if you wish.

Take time to think about what external services you might require and confirm your bookings.

9. Rock Up!

Arrive at your chosen location and get yourselves married at last!

We guarantee that your mini wedding will be full of fun, love and tears, if that's what you're looking for.

10. The Official Marriage Certificate

The Office of 'Births, Deaths & Marriages' in your State supplies you with your Official Marriage Certificate. You will have to apply for this in the state in which you get married, after your big day.

That's right about the time, we imagine you're riding off into the sunset of married bliss!

Congratulations!
